Contact Hours: 6 Wastewater
Instructor: Michael Garrity

Location:
Wildcat Mansion
4849 US-322
Franklin, PA 16323-7933

About the Class:

Pretreatment is the reduction and the elimination of the amount of pollutants, or the alteration of the nature of pollutant properties in wastewater prior to, or in lieu of, discharging. Many wastewater systems are dealing with pretreatment especially if they have an industrial user. This course is designed to educate those operators on all the aspects of pretreatment.
