

Sign up for your blood donation appointment online!

Signing up to donate blood on the internet is as easy as turning on your computer.

Just follow the steps below.

- ◆ Go to www.psuredcross.org and click on the blood drive location of your choice.
- ◆ Click on the site of the selected blood drive under Step 2. A list of appointment times will then appear under Step 3.
- ◆ Choose the appointment time that best fits your schedule. This will then bring you to the log-in page.
- ◆ If you are a first-time user, you will have to “Create a Profile.” It only takes a minute and you will then be able to sign up for future blood drives or change/cancel your own appointment from here. You can also alter your profile if your address, etc., changes. **This information is confidential.**
- ◆ After you create your profile, or if you already have a profile, log-in using your e-mail address AND date of birth (or password). If you did not create your profile yourself, your blood drive sponsor may have used 01/01/1900 as your date of birth. You can correct that information once you have logged in.
- ◆ After log-in, you must again click your selected donation time under Step 3. This will confirm your appointment.
- ◆ After you see that your appointment has been confirmed, you may go back to the eDonor homepage or log-out.
- ◆ If you need to change or cancel you own appointment, simply go to www.givelife.org and log-in. At the top of the page select ‘My History.’ This will bring up your past and future drives.
