Why Choose eNETPAY®?

It is designed and supported by professionals with years of experience in government processing.

-No costly leasing fees, per transaction costs or a required transaction minimum. Cover the cost of eNETPAY® without any additional cost to your office

-Any office with internet access can use this browser-based card processing system

-Reports can be viewed or printed from any browser with encrypted user name and password
(128 bit encryption)

-Funds are deposited via ACH directly into account associated by the transaction type
