Health and Safety Considerations for W & WW Operators / Trenching and Safety Overview

6 WATER AND WASTEWATER CONTACT HOURS

Health and Safety Considerations for Water and Wastewater Operators: Safety is one of the most overlooked aspects of being a water/wastewater operator. Many operators have the attitude that it can't happen to me. This course is a general overview of the safety issues operators should be aware of.

Trenching and Safety Overview: This course covers the basics of trench safety, including regulations and standards that every trench worker should know.

Topics to be covered:

- Chemical Hazards
- Preventing and Responding to Safety & Health issues
- Excavation and Trenching Hazards
- Site Inspections
- Protection of Employees

**Instructor:
Bernie Spada**

Bernie Spada began his career as a GC/MS chemist with the PA DEP mobile laboratory analyzing organic compounds. He has worked for the PA Department of Health, Tetra Tech NUS, Severn Trent, and Alcosan. Bernie holds a BS in chemistry from the California University of PA. His qualifications include a MS in Occupational Safety; he currently holds position of Administrative Safety Specialist at ALCOSAN. He also has been through OSHA 30 hour training for general industry and construction.
