Wastewater Maintenance

6 WASTEWATER CONTACT HOURS

New and experienced wastewater plant operators need a working knowledge of necessary maintenance that needs to be performed at their facility. This course reviews the various types of maintenance of wastewater treatment plants, their specific focus areas, who performs these tasks, and where the proper guidelines are to ensure proper completion and record-keeping of all maintenance.

Topics to be covered:

- Maintenance Plan
- Maintenance Procedures
- Wastewater Equipment and Safety
- Chemicals Used in Wastewater Maintenance

November 21, 2023

*Lunch and materials provided with your
registration*

**Instructor:
Brian Little**

Wastewater Technician

Brian has been employed with PA Rural Water since 2021 and is a Wastewater Technician. Previously Brian worked at the Bradford Sanitary Authority located in McKean County PA, as a Wastewater Operator focusing in laboratory industrial pre-treatment, sludge management, and process control. Brian has 10 years of experience in the wastewater industry while also carrying an Associate's Degree in Business Administration. Brian has a Pennsylvania Wastewater Class A certification with Subclass 1.
