Contact Hours: 4 Water & Wastewater Hours

Instructor: Michael Emery

Location:

The Event Center at Shepherd Hills Golf Club
1160 S. Krocks Road
Wescosville, PA 18106-9603

About the Class:

Does your system have up to date maps that can provide accurate and reliable information? Having accurate maps will help make the problems that arise from Emergency response, leak detection, storm water management, and collection system maintenance easier to pinpoint and solve. This introductory class will provide operators the opportunity to learn the ins and outs of GIS and how a developed mapping program can better equip their system with the tools necessary to tackle problems using technology.
