

#431
ASSE Backflow Prevention
Assembly Tester
Certification
32 WATER & WASTEWATER
CONTACT HOURS

This course will enable systems to enact a cross-connection control program. In addition, the program participants will learn how to test and troubleshoot backflow prevention assemblies to ensure continued protection to their water supply. This course will involve extensive hands on live practice of many brands of backflow prevention assemblies using a differential pressure gauge.

*Participants will need a laptop for evening work and studying for this course. Laptops will be provided for in-class use. If you require a paper copy of the materials, it can be provided at an additional cost of \$250. Effective January 1, 2018 all exams will be given by computer.

Exam will be given the final day of the course.

REGISTRATION DEADLINE:
September 20, 2019
