

#2952 Securing Drinking Water & Wastewater Treatment Facilities

5 WATER & WASTEWATER CONTACT HOURS

The PA Water and Wastewater Systems Operator's Certification Act mandates that the standards for certification, recertification, and renewal of certification shall include training related to the security of water and wastewater systems. This course is designed to meet the system security training requirement of the Act. The learner will be able to recognize methods for developing and increasing security awareness as it applies to water and wastewater treatment facility operators.

Topics to be covered:

- Security Methodology
- Critical Assets and Threats
- Stages of Protection
- VA Elements, Templates & Applications
- VA Exercise
- Emergency Response Plan Development
