

**#7113 / #1334**  
**Basic Approach to Identification and Removal of Infiltration and Inflow / Collection System Troubleshooting**

**6 WASTEWATER CONTACT HOURS**

An improperly maintained collection system can add unnecessary costs to a community's wastewater customers. A collection system operator needs to know how to identify the problem areas, how to detect I & I and how to repair those problems once found. This course covers identifying and removing infiltration and inflow (I/I) from your sewer system. This 2 part course is designed to help collection system operators establish maintenance and troubleshooting practices and repair collection system problems, so that the system can remain in compliance and not exceed permit levels.

**Topics to be covered:**

- Inflow and Infiltration
- Understanding your Sewer System
- Methods of rehabbing manholes
- Lateral repairs and Mainline repairs

**July 18, 2019**  
**The Inn at Reading**  
1040 N. Park Road  
Wyomissing, PA 19610  
**Berks County**
