

**#3618
Distribution 101**

**#5948
Hydrants Installation,
Maintenance & Repair**

6 WATER CONTACT HOURS

Distribution 101: New Federal regulations addressing water distribution systems are on the horizon. The course focuses on maintaining your distribution system and water quality, along with minimizing service disruptions and non-revenue water. It will detail best practices for flushing programs, point repairs, valve maintenance, pressure monitoring, leak detection and metering.

Hydrants Installation, Maintenance & Repair: This course will cover fire hydrant design from the early years to present, explaining the benefits of today's designs. The primary focus will be the proper operation, maintenance, and repair of fire hydrants.

Topics to be covered:

- Pipe Materials
- Valves
- Hydrants
- Meters
- Backflow
- Installation procedures
- Maintenance
- Repair procedures
