

#5811
Collection Systems: Inflow and Infiltration Studies

3 WASTEWATER CONTACT HOURS

Inflow and infiltration surveys are utilized to assess and evaluate the integrity of a sewer network. Operators have a variety of tools available to them to undertake these surveys. This course will focus on the methods and tools for executing a comprehensive I and I system survey.

#8107
Asset Management with Remote Control and Monitoring for Water and Wastewater Systems

3 WATER AND WASTEWATER CONTACT HOURS

Learn how to improve water and wastewater efficiencies in municipalities via GIS and an asset management platform. Customize all facets of asset management with interactive cellular based communication, save time and money with real-time control and monitoring.

Topics to be covered:

- Inflow and Infiltration
- Study GIS
- Asset Management
- Benefits of Remote Control and Monitoring Cybersecurity

Important!

Masks are required by all attendees at PRWA training seminars.

Prior Authorization is required by our office if you are unable to wear a mask.
