Wastewater General and Activated Sludge Exam

Prep: This was developed to assist individuals who are taking the wastewater exams. This is a brief overview. Students, who have been studying for the exams, will use this course as a refresher. Students who have not been preparing for an exam can use this course to give them an idea of what they know and what they need to study.

Wastewater Exam Math Prep: At the end of this course students will be able to: 1. Choose the correct formula to be used for each type of math problem. 2. Recognize and differentiate the data types or units in each problem (i.e.. lbs vs ft3) 3. Use the taught problem-solving procedure to answer the problems by following a 6-step process. 4. Solve Rate, Loading, F/M, and Volume problems.

Topics to be covered:

- Nitrification Fundamentals
- Denitrification Fundamentals
- Chem-P and Bio-P Fundamentals

Important!

Face Coverings are required by all attendees at PRWA training seminars.

Prior Authorization is required by our office if you are unable to wear a Face Covering.
