## Module 21: Chemical Addition

### 5 WATER CONTACT HOURS

Differing water sources dictate the need for differing chemicals used in water treatment facilities. The differing chemicals, dictate the need for differing feed equipment. The primary purpose of this course, Module 21: Chemical Addition, is to introduce students to the various chemicals and feed equipment used in a water treatment facility. Additionally, students will be directed on the need for safety measures and the use of material safety data sheets when handling various chemicals. Chemical feed calculations will be covered like detention time, feed rate, chemical active strength, and theoretical pump output. Additionally, students will be introduced to jar testing and pump calibrations. The purpose of this workshop is to provide students with the necessary study materials for the chemical addition (subclass 8) certification examination.

### Topics to be covered:

- Identify chemicals used in a water treatment facility Pumping and Head
- Understand the use of Material Safety Data Sheets Disinfection Chemicals
- Understand detention time calculations

### Important!

**Face Coverings are required by all attendees at PRWA training seminars.**

*Prior Authorization is required by our office if you are unable to wear a Face Covering.*

**February 11, 2021**

**Chestnut Ridge Golf Resort**  
1762 Old William Penn Highway  
Blairsville, PA 15717  
**Indiana County**

**Class Time:** 8:00 am - 2:30 pm

**Registration:** 7:30 am

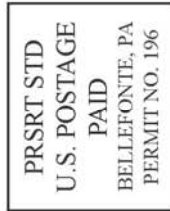

*Lunch and materials provided with your registration*

**Instructor:**  
**Wendy Malehorn**

*Training & Education Development*

Wendy is a Training & Education Development Specialist. Wendy has worked in the water industry since 1997, when she became a licensed water operator. Wendy's experience comes from being a trainer for PRWA, PA DEP and Penn State as well as hands on experience with various local systems, including a small system in Snyder County. Wendy holds a B.S. in Public Health with a concentration in Environmental Health from West Chester University.
