Utility System Management

6 WATER AND WASTEWATER CONTACT HOURS

Our community's most valuable resource is its infrastructure. Water and wastewater operators, managers, office personnel, and decision makers are the guardians of that asset, therefore, a course on managing a system is needed. The purpose of this course is to instruct students in the responsibilities of system management in the water and wastewater industry.

Topics to be covered:

- Who is Responsible
- Capacity Development
- System Basics/Operations/Maintenance
- Hiring Employees
- Hiring Consultants
- Dealing with the Consumer

PRWA Training Event Safety

The safety of our attendees is of utmost importance. Fully vaccinated Trainers & Attendees can choose not to wear masks.

However, PRWA Training sites are private facilities with their own rules. PRWA is subject to their masking rules & Covid policies while using their facility.

**Instructor:
Rebecca Holler**

*Stormwater Specialist/
Training Technician*

Rebecca is the Stormwater Specialist and a Training Technician for PA Rural Water Association. Rebecca spent most of her professional life working with non-profits and county government on various environmental fields. She has assisted with various stormwater related projects from design to funding. Additionally, she has served on the board of PA Environmental Educators and has provided training to many diverse audiences. She has worked with many small organizations helping them to grow, meet regulations and accomplish their goals. Rebecca looks forward using her skills and background at PRWA.
