This course covers why inspection of sanitary sewer manholes should be included in an asset management inspection program and SOPs. Includes tools on how to design inspection maps, clear easements and develop a logical maintenance program for manholes. Also covers working with Agencies to understand the flood plain elevations and soil types that affect the life cycle of the structures.

### Topics to be covered:

- How to develop and maintain accurate records for performing a logical sanitary sewer manhole inspection
- Developing MH Numbering
- How to Take a Digital Photograph of a Sanitary Sewer Manhole

### PRWA Training Event Safety

The safety of our attendees is of utmost importance. Fully vaccinated Trainers & Attendees can choose not to wear masks.

However, PRWA Training sites are private facilities with their own rules. PRWA is subject to their masking rules & Covid policies while using their facility.
