Attendance cost per person:

\$105 for PRWA Members

\$140 for Non-Members

Amount Due:

\$ _____

New regulations addressing water distribution systems are being put in place. Distribution system operators weren't always encouraged to address the importance of water quality in the distribution system and the components that may affect that quality. This course addresses how all the components need to work together to provide quality drinking water to system customers.

Topics to be covered:

- Storage Facilities
- Water Quality
- Transmission/Distribution
- Maintenance
- Safety

THE PRWA PROMISE

If you're not 100% satisfied with the training class for any reason, we will give you a refund!

Instructor:
Joel Jordan

Director of Education

Joel is the Director of Education at PRWA. Previously, he held the position of Sourcewater Protection Program Manager and Specialist since 1997. Prior to PRWA, he worked as a Sanitarian and Regional Trainer for the PADEP/DEP Northwest Region and at a small town water/wastewater system in the midwest. Educational background includes a Bachelors of Science in Biology from University of Illinois-Urbana, Secondary Education Certification from Slippery Rock University and GIS certification from Penn State World Campus. Joel also is a Certified PaWarn First Responder.
