**Attendance cost per person:**

\$105 for PRWA Members

\$140 for Non-Members

Amount Due:

\$ \_\_\_\_\_

New regulations addressing water distribution systems are being put in place. Distribution system operators weren't always encouraged to address the importance of water quality in the distribution system and the components that may affect that quality. This course addresses how all the components need to work together to provide quality drinking water to system customers.

### Topics to be covered:

- Storage Facilities
- Water Quality
- Transmission/Distribution
- Maintenance
- Safety

### THE PRWA PROMISE

If you're not 100% satisfied with the training class for any reason, we will give you a refund!
