ASSE Backflow Prevention Assembly Repair and Maintenance Course

6 WATER AND WASTEWATER CONTACT HOURS

The course is designed for water treatment plant operators, sewage treatment plant operators, plumbers and other maintenance personnel. The course will include a general overview of maintenance issues like spare parts stocking and ordering, tools required, cleaning methods, lubrication, general maintenance procedures on check valves and relief valves. Repair and maintenance videos will be viewed and discussed and then repair demonstrations on various devices will be performed by the instructor. A hands-on informal work session will give students time to disassemble and reassemble some of the devices on their own. A quiz will be given at the conclusion of the course. This course objective is to give a more detailed overview and introduction than the 4 hour version of this course, however, it is still not a certification course.

Topics to be covered:

- General Repair and Maintenance Information
- Safety, Tools, Cleaning, Lubricants, Parts
- Practice on all common types of checks

THE PRWA PROMISE

If you're not 100% satisfied with the
training class for any reason, we will give
you a refund!

Instructor:
Kirk Elkin

Kirk is the Director of Compliance and Training for PAWSC and NAWSC. Kirk has over 25 years experience working with and regulating Public Water Supplies including water distribution systems and treatment plants as a Sanitarian and Sanitarian Supervisor for the PA DEP Northwest Region and while working for PRWA and PAWSC. Kirk is a PA Class-A Licensed Drinking Water Plant Operator since 2007. Kirk has trained and certified hundreds of certified testers and repairers since 2001 using ASSE, ABPA, and NEWWA methods. Prior to joining NAWSC and PAWSC, Kirk worked in oil and gas for 12 years for both the PADEP Office of Oil and Gas Management and also as the Director of Environmental Health and Safety Corporate Compliance for the Diversified Gas and Oil Corporation and Atlas Energy, L.P. in 14 states (9/2013-5/2021) Kirk is a veteran of the U.S. Navy and graduate of The Pennsylvania State University and holds a B.S., Environmental Resource Management.
