# #7044

# Powered Industrial Trucks-Forklift

## 3.5 WATER AND WASTEWATER CONTACT HOURS

Train the lift truck operators with knowledge of the basic operation of the units including pre-operation safety inspection, basic driving skills, pedestrian safety, proper fueling and load handling techniques and capabilities of the unit. To increase or upgrade skills necessary or useful in gainful employment, for promotion or other similar opportunities in existing employment, or for learning new job skills. This workforce development course will help the students develop and/or upgrade the industry skills that are necessary or required for safety in a competitive economy.

### Topics to be covered:

- Understand training expectations and OSHA Regulations
- Know the different classifications of Forklifts
- Understand the purpose and importance of pre-operational checkouts
- Know safe procedures for refueling
- Understand the elements and procedures of safely changing and charging batteries
