**#9155**

**Service Valve Renewal, and Service or  
Mainline Tapping**

**3 WATER CONTACT HOURS**

When replacing or renewing a service the proper products and methodologies must be used. This includes various tapping methods, and products. Having a working knowledge of the common issues that may occur during a tap renewal are critical towards maintaining a safe and sanitary tap of a water main.

## **Topics to be covered:**

- Service Tap Replacement
- Tapping Methods
- Line Stopping and Valve Insetion

# November 9, 2023

**Holiday Inn**  
604 Station Road  
Grantville, PA 17028  
**Dauphin County**

**Class Time:** 8:00 am - 11:30 am

**Registration:** 7:30 am

*Training Materials provided with your  
registration*

**Instructor:**  
**Dresser Pipeline Solutions**

Starting in 1886 when the original Dresser coupling patent was granted, there have been several advances in pipe-joining, pipe-repair, and pressure control technologies. Today, Dresser Pipeline Solutions offers an unmatched variety of solutions for the Natural Gas Distribution and Transmission, Water/Wastewater and Industrial markets. Dresser Pipeline Solutions and TPS offers innovative, patented products designed specifically for water and wastewater applications. The asset acquisition will include transfer of use of TPS patents and trademarked products, expanding DPS' distribution network and portfolio of products that are designed specifically for water and wastewater markets and applications. Specifically, TPS trademarked products TX3 and Ultra-Sleeve, which fit a wide range of applications, will now be positioned for accelerated growth when combined with Dresser's existing business.
