Questions?

Call (800) 653-7792 ext. 107 or 108

The Environmental Protection Agency (EPA) and the Pennsylvania Department of Environmental Protection (Pa. DEP) regulations require filtration as a mandatory treatment techniques for all surface water supplies. The treatment technique establishes specific turbidity requirements depending on the type of filtration being applied. This course addresses the types of filtration available to meet the regulatory requirements.

Topics to be covered:

- Compliance with the Regulations
- Production of Safe Drinking Water
- Direct Filtration vs. Conventional Filtration
- Other Filtration Options
